That's fine. Also, since Tom is doing the presentation for Chicago, it's probably more appropriate to use a separate presentation for him rather than putting it at the end of mine (for protocol).

Hi Alan/Andrea,

Attached is what I put together for the presentation. I may tweak it, but this is pretty much it. If you send me a ppt with your slides I can insert them on my end, or if you are just talking, let me know and I will put a 'discussion' slide at the end.
